Insulated Composite Doors

SHEFFIELD
WINDOW
CENTRE

The logo for Sheffield Window Centre is located in the bottom right corner. It features a blue square with a white stylized 'S' shape inside, followed by the words 'SHEFFIELD', 'WINDOW', and 'CENTRE' stacked vertically in a bold, blue, sans-serif font.

All glass designs are only available in zinc caming unless indicated in product descriptions. Hardware options including letter boxes and door handles may vary from those pictured.

Stable Doors

Let the summer breeze
flow through your home.

A stable door combines style and practicality whilst giving your front or back door a look of real class.

Many who have had a stable door would never go back to something more traditional – and it is easy to see why. They let light and fresh air flow through your home but also the peace of mind that children or pets remain safely inside.

*Choose from the Renown door styles indicated
for your Stable Door.*

Solid Doors

Feel safe and secure in your own space.

Sparkling glass

It's always time to see the light...

Once you've chosen your door it's time to turn your attention to the detailing - deciding which glazing perfectly suits your choices, your home and your personality.

A decorative glazing panel adds style and personality to your door whilst letting natural light fill your home.

Designed to keep in the warmth and with a large range of different designs, colours and glass patterns to choose from; you are able to give your door the perfect finishing touch.

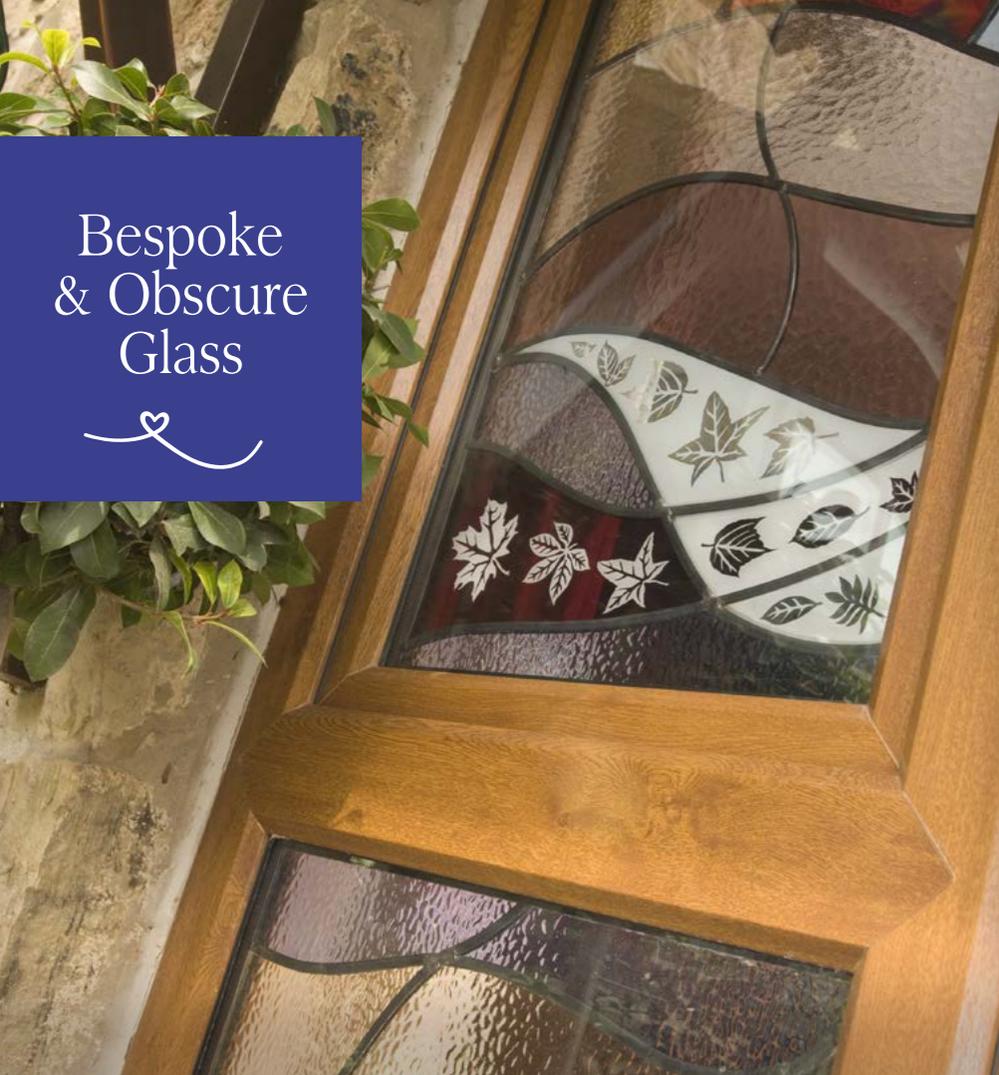

The ultimate finishing touch for your door...

- ✓ 12 outstanding styles of glazing
- ✓ Create a beautiful focal point
- ✓ Traditional to contemporary choices
- ✓ Allow light to flood into your home
- ✓ Easy to clean and maintain
- ✓ Sophisticated and seamless
- ✓ Laminated glass for extra security

Bespoke & Obscure Glass

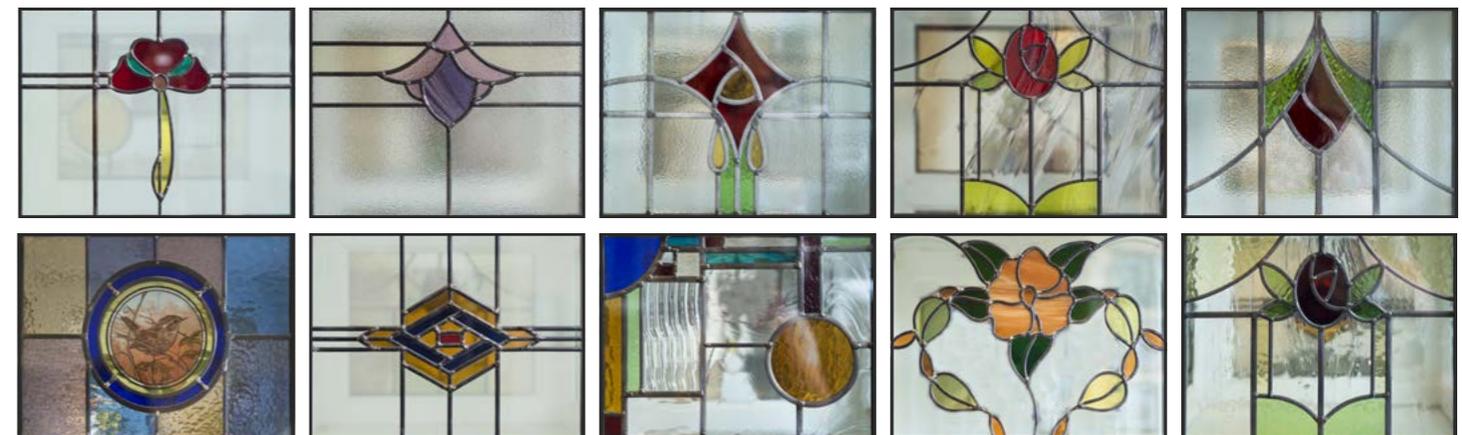

Obscure Glass Options

Our doors are available with the following obscure glass pattern options. Each type adds something different, helping you maintain privacy in your home or create a decorative flair that fits in with your personal style. Our doors are double glazed as standard but some glass designs are triple glazed.

Bespoke Stained Glass Examples

Stained Glass

We are one of the only double glazing companies in the UK to employ in-house specialists dedicated to the creation, restoration and enhancement of stained glass. With over 30 years experience in this delicate art, we can offer you a unique and totally bespoke service.

Replacing your old front door doesn't mean that you have to lose any beautiful existing stained glass. It is often possible for us to retain existing stained glass by encapsulating your original glass inside a double glazed unit, effectively making it triple glazed.

We also produce a wide range of copy-stains, hand made to suit your individual requirements.

Bespoke Glass

If you are looking for something completely unique, we can create bespoke glass designs incorporating stained glass, textured glass, etching, lead and/or bevels.

To have an informal chat or make an appointment to look round our glass studio, contact our Rockingham Street Showroom on: 0114 281 3434

Hardware Options

Add the finishing touches to your composite door with our wide range of hardware. See a full range of current options on display in our showrooms.

Off-set Bar Handle (60cm or 120cm)

Security Handle (black, white, gold, chrome, bronze & graphite)

Urn (black, white, gold, chrome, bronze & graphite)

Slimline Urn (black, white, gold, chrome, bronze & graphite)

Spyhole (also available within Urns above and colour options black, white, chrome and gold)

Thumb Turn

Large Letterbox (black, white, gold, chrome, bronze and graphite)

Looking after our world and your wallet...

The rising cost of energy bills and the impact on the environment means we all want to keep our consumption to a minimum. One of the best ways to achieve this is to choose thermally efficient products which keep warmth in and cold out, saving money and emission levels.

ENERGY RATING

Throughout our brochure you'll have seen that most doors display an energy rating. These are an indicative guide to the most energy efficient products, with 'A' delivering the highest performance levels.

Tests prove our GRP Composite Doors are -

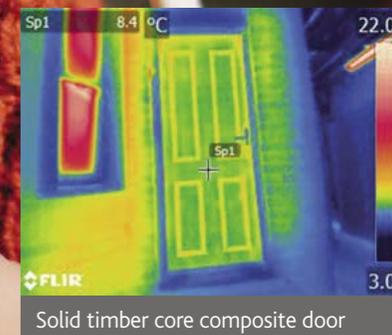

19% More thermally efficient than a 48mm solid timber core composite door.

17% More thermally efficient than a 44mm traditional timber panelled door.

Doors were tested at the University of Salford's Energy House. This represents a typical Salford 1919 terraced house and its construction represents 21% of the UK's current housing stock. The house has been reconstructed in a fully environmentally controllable chamber, in which climatic conditions can be maintained, varied, repeated and patterns monitored. For the test, the inside temperature of the Energy House was 25°C with an exterior temperature of 5°C.

Energy Efficiency

All information in this brochure is provided for guidance only and is given in good faith, but without warranty or guarantee of any kind, whether implied or expressed. Our policy is to continually improve products, therefore methods, materials and changes of specification may be made from time to time without prior notice.
